

Debby Hoffman is The Empowerment Guide

Debby Hoffman is a motivational speaker who's comfortable style and down home humor allows attendees to sit back, relax and absorb her messages of hope and possibilities.

Her powerful stories and distinctive way of looking at the world helps people find ways to overcome obstacles and create the results they want – positive results!

If you are looking for a boring speaker, one that says the same old thing as everyone else, whom uses generic fairy-tales and thinks that “yelling” is the way to motivate you – then Debby is not the speaker for you.

If, however, you are looking for a presenter that is informational, motivational and inspirational; one who see the world from a different perspective; and can make you laugh (and sometimes cry) with her original stories and hard won wisdom, then perhaps you have found your perfect match.

Seminars & Keynotes topics include:

Going from Negaholic to the King or Queen of Positivity- Creating a joy filled, productive, and positive life.

Find Something Nice to Say – The Power of Compliments. Based on her book of the same title, this program focuses on positive communication skills and the power of positive words.

Natural Networking – Creating Great Business Relationships. *Awesome networking tips with Debby's unique way of looking at the world, fun stories of what networking is and isn't-practical ideas to help make networking less stressful and more profitable.*

Do the Right Thing – Even When No One is Watching. A powerful, not preachy, look at ethics and integrity.
